BUSINESS HOURS

The Township Building office hours are Monday
– Friday, 8:00 am to 4:00 pm.

COMPOST SITE OPEN

Saturday, March 9 from 8:00 am to 2:00 pm
The Central Chester County Recycling Authority
Compost Site is located at 2240 Upper Gap
Road, Coatesville. Identification required. Items
accepted are leaves, vegetables, garden
clippings, weeds, brush and limbs.

RECYCLE REMINDER

Please remember to flatten cardboard boxes and
put in the Township provided tote.

NOTICE: 24/7 CLOSURE OF EAST GLENCREST ROAD

Beginning on March 11, 2024 and continuing through Mid-May, Flyway
Excavating will be installing new stormwater drainage pipe and associated
facilities and will also be repairing erosion issues in the 300 block of East
Glencrest Road. **This work will require the 24/7 closure of East Glencrest
Road between Coronet Drive and Brick Row.** Access will be provided to
property residents within the area of the road closure only. Through traffic will
not be permitted or possible beyond the road closure signage as the roadway
will be fully barricaded in front of 359 East Glencrest Road. Signage and detour
signs will be installed in advance of the road closure.

YARD SALE PERMIT FEE

Effective January 1, 2024, under Valley Township Ordinance 78-6, there will
now be a yard sale permit fee required of \$10.00.

EWASTE PROGRAM

Electronic Waste Drop-Off is available at the Township building during normal
business hours. Items being accepted are:

Computers, laptops, LCD computer monitors, videotapes, CD's, DVD's,
printers, printer cartridges/toner, car batteries, lawn mower batteries, **SMALL**
household appliances, cell phones and flat screen televisions.

ITEMS WILL NOT BE ACCEPTED IF CORDS ARE CUT.

****NO** large appliances or televisions, microwaves, appliances with freon, CRT-
Type televisions or monitors or alkaline batteries**

STORMWATER TIP

Fertilizers used on lawns, farms, and gardens always have the potential to get
carried into our rivers and streams by stormwater runoff. Once these excess
nutrients reach the water, algae devours them and grows incredibly quickly,
resulting in a "bloom". While most algae is not harmful, some species produce
toxins as a waste product, causing a plethora of issues for humans and our
environment.
