PUMPKIN RECYCLING TIP

Don't throw away pumpkins. Find woods near you and smash open for wildlife to eat. Pumpkin is safe for wildlife and the seeds are a natural dewormer. Recycling plus food source. Win Win.

BREAST CANCER AWARENESS MONTH

Don't play with your Health. Get Checked.

Find a local race to join or create your own personal challenge to fundraise for research. Walk, run, ride, or swim a specific distance and reach out to your family and friends to support your goal.

STORMWATER TIP

Dispose of leaf litter and yard waste in an appropriate manner, never in the street or stream. Shred yard and leaf waste to use as mulch or fertilizer for your yard and garden. Clear leaves and debris from gutters and storm drains. This will prevent flooding and keep debris out of our local waterways.
