Valley Day -due to the predicted winds and rain for Saturday, Valley Day is Canceled
Ideas for education. (storm water management education is a DEP requirement under our MS4, municipal stormwater management plan &annual report.)

Educational Materials : Review/Evaluate Literature that we have on hand, organize the literature rack and list of any additional literature we would like to obtain.BOLO

IV. New Business

A. Containers –We are looking for large planters for the front of the building at the main entrance. In addition to the nice plants to look at this is a great place for education throughout the year. Discuss logistics, suppliers and availability of workshop/information for us (I believe I saw a Penn State extension virtual presentation on this and have access to the recording- It was short introductory presentation. If so we can check it out at our November meeting
